

Allergan names Bend OR EsthetixMD to its Top 10%

Ranks 10% of 50,000 leading aesthetic services provider offices

Bend, OR, Mar 05, 2019– A leading aesthetic services provider in Bend, OR, EsthetixMD Spa & Laser Center has earned the coveted award of “top 500 status that accounts for ten percent of accounts and clinics in the United States” by Allergan plc, the makers of leading cosmetic products Botox, Juvéderm, Kybella, SkinMedica, Latisse, and Coolsculpting. This honor also marks EsthetixMD’s status as among the top 10% of more than 50,000 participating practices in the United States.

Allergan Partner Privileges

EsthetixMD is proud to be recognized as a select member of the Allergan Partner Privileges (APP) program. Each year, Allergan rewards practices throughout the country who have achieved year-over-year sales volume benchmarks for Allergan products. Status levels based on performance start at Silver and progress to Gold, Platinum, Platinum Plus, and “Top 500” tiers.

The EsthetixMD team further distinguishes itself with elite master’s training from CoolSculpting University. EsthetixMD’s collective efforts and achievements have resulted in its earning Top 500 distinction. As such, EsthetixMD joins an elite circle of Allergan injectors and CoolSculpting partners – *accounting for just 2% of practices in the nation.*

“I could not be happier for our team for reaching the level of a top ten percent account with Allergan,” said Rebecca Covey, founder and clinical operations director of EsthetixMD.

“Our team works hard to make sure our patients and clients get the beautiful results they desire, using the best training, products, and equipment in the industry.”

Covey continued: “Allergan is an integral piece of our clinic. To be selected as one of their most experienced practices in the country is an incredible milestone.

”Since its founding in 2003, EsthetixMD has grown from a 3-member team to a busy office employing 24 skilled professionals.

Through the APP program, EsthetixMD is able to pass superior education and savings on to patients in the form of exceptional, trusted training and qualifying rebates.
