

## BEST PLACE FOR COSMETIC ENHANCEMENT

**1ST PLACE | ESTHETIXMD | EXHALE SPA & LASER CENTER**

By MW Hill

Offering a vast array of cosmetic enhancements for both face and body, the EsthetixMD team takes pride in offering something for everyone. Whether clients are looking to get back that pre-baby body, remove hyperpigmentation, or just feel good in their own skin, clients must be walking away happy, because EsthetixMD wins this category for the second year in a row.

A leader in non-invasive body treatments including cellulite reduction, skin tightening and fat reduction using cutting edge technologies such as Z-Wave, Exilis Elite and Vanquish, the clinic also provides micro-dermabrasion, chemical peels, laser skin resurfacing, injections, and laser hair and tattoo removal.

That's already a long list – but their most popular service is

CoolSculpting, an FDA-approved, non-invasive fat reduction procedure. EsthetixMD is ranked in the top 5 percent in the nation and first in the Pacific Northwest for the procedure.

Beginning its life under the name Exhale Face and Body Spa, the growth at EsthetixMD has fueled brick-and-mortar expansion as well as the expansion of technical services. Today, the team includes three doctors, a nurse and nine advanced estheticians. Clients can look forward to attending their CoolSculpting event on Aug. 23, with details soon to come regarding an anniversary event.
